Whilst acknowledging the actions taken in the past, it was noted that there were discussions now taking place between the Governing Body, the Police and the Road Safety Team at Neath Port Talbot CBC. It was suggested that a "campaign" to raise awareness of the ensuing danger and develop a strategy for mitigating measures might be jointly pursued by the school, parents and the agencies involved, and that the Community Council's support might be of benefit in this respect. RESOLVED that the Clerk write to the Chair of Governors at Alltwen Primary School, with copies to the Headteacher, the Police and the Director of Education at NPT CBC expressing the Council's support for a joint initiative and any actions that may arise.

35 DIAMOND JUBILEE CELEBRATIONS

The Clerk reminded Members that Council had granted delegated authority to allow the Committee to consider and decide on assistance to Alltwen and Rhos Primary Schools in their celebration of the Queen's Diamond Jubilee. The Clerk confirmed that he had been in contact with both schools to establish the nature of their respective celebrations. RESOLVED that donations in the following sums be agreed -

- Alltwen Primary School £250.00
- Rhos Primary School £150.00

36 CAPITAL PROJECTS 2012-13

The Clerk referred to the Council's allocation of £17,736.00 for capital schemes within its 2012-13 budget (Minute 146, Finance and Development Committee, 22 November 2011, and Minute 156, Council, 06 December 2011 refer).

Members received a scoping report which identified a wide range of projects, most of which had firm or indicative budgets identified as a result of the receipt of quotations requested by the Clerk. The projects were each discussed in detail and the potential for grouping to facilitate grant bids was explored. It was noted that a number of projects were being held in abeyance or were the subject of other initiatives which did not require a capital allocation at this time

RESOLVED that Council be recommended to -

- Establish a major projects fund with an initial contribution of £5,000.00;
- In view of their previous work of this nature for the Council, accept a quotation from Gateway Construction in the sum of £1,600.00 plus VAT to provide fencing at Gwynfryn Park;

- Utilise the remaining capital budget of £11,136.00 to match fund grant bids for Alltwen Community Centre and Rhos Community Centre and Car Park respectively, but defer the appointment of contractors indicated below, until grant funding had been explored;
- In view of their previous work of this nature for the Council, accept the quotations received from the following contractors -
 - ARC Roofing - Alltwen CC Roof - £1,683.00 + VAT
 - Plaztec Installations - Alltwen CC Windows - £910.00 + VAT
 - County Contracts Flooring - Rhos CC Flooring - £945.00 + VAT
- Accept the quotation submitted by E G Lewis & Co Ltd for roof work at Rhos Community Centre, in the sum of £2,750.00 plus VAT, on the basis that whilst this was £85.00 more expensive than the other two tenders received, the contractor had indicated a wider scope of work and was, therefore, better value for money;
- Request further quotations and tenders in relation to work items relating to surfacing work in the car parks at Alltwen and Rhos Community Centres.

50 ALLTWEN RFC

The Clerk provided an update on discussions with Alltwen RFC regarding joint working. 61 CAPITAL SCHEMES

The Clerk referred to instructions received to explore funding options with regard to a programme of capital schemes. Following advice, he indicated that as the schemes were likely to be deemed maintenance, and as there was a limited likelihood of identifying quantifiable outputs and outcomes, there was a limited chance of securing external funding for this type of work. RESOLVED that work on the Rhos Community Centre Car Park be set aside and further advice be sought, but that the remaining works be proceeded with and funded from the Council's Capital Programme without seeking grant aid.

Members also felt that there was a need to take stock and consider the Council's own priorities, with an increased awareness of the key issues needed on the part of all Members.

RESOLVED that Council convene an awareness raising meeting to discuss issues and possibilities in Alltwn prior to offering Alltwn RFC an opportunity to make a presentation.

66 DECLARATIONS OF INTEREST

Councillor A Thomas declared an interest in Item 6 - Planning Applications, at the start of the Special Meeting.

67 PUBLIC RIGHT OF WAY 7, ALLTWEN

The Clerk led Members along the Public Right of Way from Gwyn Street to the former Alltwen Park area, before returning along the same route, explaining that the meeting was taking place to increase awareness of the significance of the Right of Way and its relationship to adjoining land. Members were made aware of the land leased by Neath Port Talbot CBC to Alltwen RFC and the land owned by Cilybebyll Community Council, and noted the respective boundaries and the long term encroachment by some Ty'n y Cae properties on to the Council's land. Councillor David Lewis updated Members on the feasibility discussions that had taken place regarding a possible community garden project, and other emerging proposals emanating from the Rugby Club were also briefly noted. Following the site visit, Members RESOLVED to note the briefing and retired to Alltwen Community Centre for the Special Meeting of Council.

68 ROAD CLOSURE YNYSYMOND ROAD

Members referred to the announcement that Ynysymond Road would not be opening as planned and to correspondence received from National Grid earlier in the day. In view of their unexpected attendance at the site, two representatives of National Grid were in the area, and following an approach to the Chairperson, had agreed to attend Council given the agenda item. The representatives explained the background to the proposal, and the nature of the problem which had occurred with the coating of the pipe. They indicated that this was a problem that was peculiar to the Alltwen length of the entire pipeline and went on to explain the issues with the hardness of the rock, which had affected the pipe coating and which had required a more inventive solution than

was previously used, along with the need to deal with surface water. They reassured Members that testing was constantly being undertaken when the pipeline was under construction and in the ground, and that it was because of this that the problems had been identified. In addition, they confirmed that the Environment Agency was fully involved in the delivery of the solution by National Grid.

The National Grid representatives answered a series of questions from Members, and confirmed that construction work was now expected to be completed before the end of August. They thanked the community of Alltwen for their patience, and invited Members to cascade the information to the wider community. The representatives were thanked for attending and submitting the briefing which Members RESOLVED to note.

69 PLANNING APPLICATIONS

(Councillor A Thomas declared an interest in this item, left the chamber and took no part in the discussions or voting thereon)

RESOLVED that no objection be made to the following application as the Council is supportive of the principle of the development. However, Council noted the previous comments of NPT CBC on the height of the development in response to its previous queries, and resolved to rely on their judgement in this respect, whilst seeking to ensure that the properties “sit” comfortably in the surrounding topography, particularly from Alltwen Hill, and specifically given the difficulties experienced as a result of similar developments nearby.

RESOLVED that no objection be made to the following applications, subject to the observations indicated -

Council would prefer the boundary wall to be constructed in local stone and to reflect the materials used in the existing wall.

RESOLVED that an objection is lodged to the following application, as Council considers that there is more than enough advertising in the immediate vicinity -

70 ALLTWEN SCHEMES

The Clerk reminded Members that they had asked for a workshop session to raise awareness of scheme possibilities that were occurring within the village of Alltwen. The discussions centred upon the proposals for upgrading the Brynmorgrug Playground, the opportunities with regard to the former Alltwen Park, and the approach received from Alltwen RFC regarding their playing field area.

Members were already aware of the Brynmorgrug potential following reports arising from the Redrow planning applications and previous site meetings held at the site. Further scoping would be necessary in order to explore the potential further, and it was RESOLVED that the Clerk undertake investigations and submit a report as soon as possible.

The site meeting at Public Right of Way 7 had raised awareness of possibilities at the Council's land at the former Alltwen Park and with regard to the Playing Field area. Members were concerned about possible vandalism and security issues given the location of the former Alltwen Park and were mindful of the restrictions relating to access. They were conscious, however, that under certain circumstances these issues could be addressed through design solutions, if appropriate proposals emanated from the feasibility study in due course.

On the emerging Alltwen RFC proposals, Members were concerned that the level of consultation with Council as potential partners had been limited, but were keen to understand what the Club had in mind and how this would be of benefit to the wider community. The Clerk reminded Members of the e-mail request submitted by the Club on 21 June 2012. Now that Members awareness had been raised, it was RESOLVED that the Club representatives be invited to make a presentation to a Special Meeting of Council on either 7 or 14 August 2012, and that Members be circulated with the Club's e-mail request before the meeting.

75 PRESENTATION BY ALLTWEN RFC

(Prior to this item, Councillor A Thomas declared an interest in this item in that he was engaged by the office of Gwenda Thomas AM, but stated that he had not been involved in any of its discussions with Alltwen RFC)

The Chairperson welcomed five representatives of Alltwen RFC and invited them to make their presentation.

The representatives delivered a comprehensive presentation which covered a wide range of topics including the following -

- History of sport in Alltwen and the role of Alltwen RFC

- Position and aspirations of the Club with regard to ownership of the playing field
- Research undertaken by the Club and support from various parties
- Advice from Sport Wales and experiences with MUGAs
- Engagement of specialist advice and seeking of quotations for specified works
- Application for funding from National Grid and other parties
- Result of a petition gathered within Alltwen in support of the Club's aspirations and requests.

The presentation reiterated the Club's request that Council -

1. Support the Club's application to Neath Port Talbot County Borough Council, requesting the Community Asset Transfer of the Playing Field to the Club
2. Support the Club's application to National Grid for a grant towards the cost of undertaking the specified improvement works
3. Consider making a capital contribution towards the cost of undertaking the specified improvement works
4. Consider making an annual contribution towards the cost of running these recreational facilities for the community of Alltwen and beyond.

Members asked a series of questions of the Club representatives, particularly relating to the cost of proposed works, community use potential, regular expenditure incurred by the Club, and the number of players and teams who are currently involved.

Following this, the Club representatives reiterated their wish to sustain rugby in Alltwen and to work with the community to generate further activities, at which point they were thanked by the Chairperson for attending and withdrew from the meeting.

76 PUBLIC AND PRESS

RESOLVED that further to Subsection (1) of Section 2 of the Public Bodies (Admission to Meetings) Act 1960, the public and press be excluded from the meeting during the following item, by virtue of the nature of the business to be transacted.

77 RECREATIONAL PROJECT UPDATES

a) Members reviewed the information received from representatives of Alltwen RFC. Expressions of support were made, although it was noted that the Club had pursued the "partnership agenda" in its own way. The requests submitted by the Club were considered in turn, and it was RESOLVED that -

- 1) The Club be advised that the matter of a Community Asset Transfer was a policy matter on which Neath Port Talbot CBC would need to take a view. However, Council commended the contribution of the Club to community life in Alltwen, and took the view that the Club was run by

responsible officers who acknowledged the Club's role in the community. Furthermore, the Council looks forward to working in a constructive and positive partnership with the Club in the future;

- 2) The Council support the Club's application for a grant from National Grid as it believes in principle that their proposal would benefit the community of Alltwen, and as the Council looks forward to working in a constructive and positive partnership with the Club in the future;
 - 3) The request for a capital grant be deferred and additional information be sought by the Clerk regarding the scheme costs and funding secured;
 - 4) The request for a revenue grant be deferred and additional information be sought by the Clerk regarding the Club's financial circumstances and regular revenue expenditure.
- b) The Clerk indicated that a financial update relating to the playground proposal at Alltwen Community Centre, in partnership with Harry's Fund, would be appropriate, but that this could be deferred until the next meeting. RESOLVED accordingly.
- c) The Clerk referred to his instructions to investigate improvements at the Brynmorgrug Playground in Alltwen, and submitted a report on 5 No. costed proposals received from various companies. He emphasised that the intention was to select a proposal on the basis of quality and price, and that it would be wise to review the proposals and possibly consult more widely before taking a firm decision. RESOLVED that the Clerk be instructed to submit an application to National Grid for grant funding in the sum instructed by Council, on the basis that the determination of this application might affect the selection process relating to the proposals submitted.

129 DECLARATIONS OF INTEREST

There were no declarations of interest at the start of the meeting.

130 CHARGES AT COUNCIL FACILITIES

The Clerk reminded Members that Council had a duty to review charges on an annual basis. Members were advised of the charges for use of the Council's two Community Centres and the Rhos Park Playing Field in 2012-13, as reviewed and set by Council on 06 December 2011 (Minute 156 refers). Members RESOLVED to recommend to Council that the charges remain the same in 2013-14.

131 CAPITAL PROJECTS 2012-13

The Clerk referred to the Council's allocation of £17,736 for capital schemes within its 2012-13 budget, and instructions arising therefrom (Minute 36, Finance and Development Committee, 29 May 2012, and Minute 46, Council, 05 June 2012 refer as amended by Minute 61 of Council on 3 July 2012).

It was noted that the majority of the allocated schemes had been completed and that instructions had been issued regarding the remainder. Council's capital allocation was largely committed and previous decisions had resulted in a further commitment of £7,500 from the Council's reserves.

RESOLVED that Council be recommended to note the report.

132 CAPITAL PROJECTS 2013-14

Members were provided with a review of a previous scoping report which outlined possible schemes for consideration as part of its capital programme commitment for 2012-13. Schemes which had not been committed were noted along with other possible schemes identified by the Clerk, some of which would not require a capital contribution from the Council, or may not be desirable. Following discussion of the merits of individual schemes and the need for feasibility and investigative work to inform anticipated cost and grant bids, it

was RESOLVED that Council be recommended to approve the following list of potential schemes for further consideration as indicated -

- Alltwen CC - Boiler and Radiator Replacement
- Alltwen CC - Internal Porch

Respective heads of expenditure were considered, and Members discussed the possible obligations that might be placed on the budget, particularly arising from recent pressure on the Donations budget, and from Parks and Open Spaces. 135 GELLINUDD HOSPITAL

The Chair welcomed Paul Stauber, Director of Planning, Abertawe Bro Morgannwg University Health Board and Hilary Dover, Locality Director Neath Port Talbot. They were attending following their request to address Council on the Community Resource Model for the Frail and Older Persons within Neath Port Talbot, and representations by Council regarding Gellinudd Hospital.

Mr Stauber and Ms Dover outlined the purpose of the consultation exercise which they were undertaking and set it within the context of the change agenda that the Health Board was currently progressing. They confirmed that there was widespread engagement taking place including ongoing discussions with Neath Port Talbot CBC, and bespoke meetings with the Gellinudd Hospital League of Friends and staff at Gellinudd Hospital. It was stressed that no decision had yet been taken regarding the future of services provided at Gellinudd Hospital.

They indicated that -

- Changes at the Hospital were under consideration as there was a new focus on providing services in the community, supported by clinical direction and patient engagement, and facilities at Gellinudd were no longer adequate;
- This was underpinned by an assessment of needs, and of the potential to accommodate services in the community and at other locations, with improved access to medical services;
- The proposals involved a significant commitment of funding to a multi-disciplinary team working in the community, considered more effective and efficient than existing arrangements.

In response to specific questions from Members, the following responses were received and discussed -

- Three networks of services were provided in the valley areas, and there was the potential for Gellinudd to support one of these networks;
- There had been no consideration of future use of the buildings or the site at present as this was considered premature;
- It was acknowledged that care in the community has an impact on families, on the confidence of patients and their perception of individual security, but that there would be support available to meet these issues and concerns;
- Neath Port Talbot CBC were closely involved in developing the package of care services, given their role in providing social care;
- The budget for the care team in the community would commit £340k out of the current Gellinudd budget of £828k, with the residual amounts committed to patient services elsewhere in the Neath Port Talbot locality;
- The medical profile of patients at Gellinudd was clarified, confirming that a revised model of care was appropriate, and there was full commitment to this from the Consultancy Team;
- Community resource teams would be accessible and emergency response would be available to health care professionals;
- The process of decision making involved the Health Board and the Community Health Council, who could require further consultation, with the ultimate decision potentially deferred until after April 2013;
- Full consultation would occur with the staff, various career options along with retirement/redeployment possibilities would be available and there would be no compulsory redundancies.

Following the discussions, the Chair thanked Mr Stauber and Ms Dover for attending, and they withdrew from the Chamber.

Members continued to discuss the proposals and the explanations given to the various questions. RESOLVED that a draft response be tabled at the next meeting of Council in the following terms -

- Gellinudd Hospital is considered to be a valuable and much appreciated facility in the Swansea Valley providing essential care opportunities close to the homes of the patients and their families, and well supported by local communities. Council is, therefore, disappointed that closure is being considered by the Health Board.
- If a decision is taken to close the Hospital, Council deems it essential that all the replacement arrangements are robust, prepared in advance and in place before closure. These include arrangements with Neath Port Talbot CBC and the private sector for sufficient levels of Social Care, resourcing and establishment of the community resource team, proper provision for medical and emergency support, and ongoing engagement and support for the staff at Gellinudd Hospital.

- Furthermore, Council would encourage the Health Board to consider the future of the Hospital as a properly resourced facility that could continue to provide day care services for local people, as it would be “close to home”, reducing the need for lengthy journeys, often by vulnerable people and their families, to hospitals at Morrision, Singleton and Neath Port Talbot.

159 PLANNING APPLICATIONS

(Councillor A Thomas declared an interest in this item, left the Chamber and took no part in the discussions or voting thereon)

RESOLVED no objection to the following applications -

12/0983	Extensions	17 Maeslan Rhos
12/1122	Extensions	Gelli Cottage, Tramway Road Gellinudd

RESOLVED that an objection be made to the following application for the reasons indicated -

12/1116	Demolition of Scrap Yard, Construction of 51 Dwellings	Craig yr Awel and Industrial Unit, Lon Hir Alltwn
---------	--	--

- The application is outside the area allocated within the Unitary Development Plan for development and should, therefore, be refused on policy grounds, as it represents an extension of development into the rural area beyond the current settlement limits.
- There are already traffic issues along Edward Street and Lon Hir, and particularly at the junction of Lon Hir with the Alltwn Roundabout, where a school is located. This proposal is bound to exacerbate those problems. The area served by this junction and the Lon Hir and Edward Street roads is, effectively, one long cul de sac, and despite the suggestion of the applicant, there is no effective alternative emergency access available or deliverable. No further development should be contemplated for this area, unless a second access / egress for this area can be identified and delivered, in a manner that does not further compromise Lon Hir and Edward Street.
- There are concerns that ecological grounds are not sufficiently addressed.
- On the basis of current experience, there are concerns about surface water drainage, particularly given the topography and geology of the area, and the apparent need for attenuation.

RESOLVED that a decision on the following application be deferred pending a further meeting and presentation by the proposed developers -

12/0999 Wind Turbines etc Mynydd March Hywel Rhos

Further to the debate on planning applications, RESOLVED that a Special Meeting be convened to discuss the emerging Local Development Plan and infrastructure concerns.

162 PACT MEETINGS

There were no substantive updates following recent PACT meetings.

163 TREE SURGERY AND PLANTING

The Clerk reminded Members of the tree surgery recommendations received in 2011 and of the work undertaken early in 2012. He indicated that he had now sought prices for the second tranche of work at Gwynfryn Park and Rhos Park. RESOLVED that the work at Rhos Park proceed at the cost identified to Council, but that the work at Gwynfryn Park be reviewed. Further RESOLVED that the Council accede to the request from NPT CBC to fund and plant two trees on Alltwen Triangle.

164 PUBLIC AND PRESS

RESOLVED that further to Subsection (1) of Section 2 of the Public Bodies (Admission to Meetings) Act 1960, the public and press be excluded from the meeting during the following item, by virtue of the nature of the business to be transacted.

165 BRYNMORGRUG PLAYGROUND UPGRADE

Council received a report from the Clerk on the revised costed proposals received from two companies, the third company contacted having declined to respond further. He outlined the nature of the two schemes proposed and indicated the tender prices quoted by the two suppliers. He also confirmed that Council's funding bid to National Grid had been successful in the sum of £10,610.00, and that further capital funding could be drawn down from Neath Port Talbot CBC following a recent Section 106 legal agreement. RESOLVED that, based on a qualitative and financial assessment, Council accept the proposal submitted by Wicksteed Leisure Limited, in the sum of £24,450.00

plus VAT, the Clerk clarify issues relating to the safety surfacing and slide with the supplier, and progress the scheme as soon as financial confirmation had been received in writing.

There were no declarations of interest at the start of the meeting, but the Chairperson welcomed representatives from Harry's Fund, with whom the Council was jointly working to deliver Harry's Park.

221 PUBLIC AND PRESS

RESOLVED that the tender submitted by Afan Landscapes be accepted.

223 HARRY'S PARK PLAYGROUND WORKS

The Clerk reported on the tendering process for playground work initiated on behalf of the Council and Harry's Fund by Groundwork Neath Port Talbot. He confirmed that a limited time had been available for tendering and that, as a result, only two tenders had been received. The tenders were duly opened and recorded by the Clerk, the Chairperson and Vice-Chairman. Following a lengthy discussion, it was agreed that the limited timeframe and the responses received did not provide for an effective qualitative assessment of sufficient tenders.

RESOLVED that -

- the Clerk advise all four contractors invited to tender that a revised timeframe had been agreed and that submission, resubmission or confirmation of tenders was, therefore, invited
- following receipt of tenders an assessment workshop be held involving representatives of Harry's Fund, Groundwork, the appointed artist and the Clerk
- a report be submitted by the Clerk to a future meeting of the Finance and Development Committee, to facilitate a decision, acting with delegated powers, on a preferred playground supplier as the basis for negotiation of a design to the agreed budget.

The meeting ended at 7.55 pm.
